FY19 Cappex Performance and Comparison to Previous Years

Description

IN FY19, THE OFFICE OF MARKETING AND BRAND MANAGEMENT at USM contracted with Cappex for one year to acquire HS student inquiries, as it has done for the past several years.

Contract Details

- Run time November 6, 2018 - November 5, 2019
- Contract cost = \$16,500.00

Qualifying Criteria:

- Sophomores, Juniors, Seniors
- ME, MA, CT, VT, NH, NY, RI
- Minimum GPA 2.5

Findings

Per Cappex, the assets we have historically purchased are shown below.

Contract_Yr	Inquiries
CY15	1,201
CY16	1,329
CY17	1,305
CY18	1,555
CY19	1,345

Fall 2019	163	1	1	1	1	0.61%
Fall 2020	142	1	0	0	0	0.7%

Conclusions

- In the preliminary report, we became concerned because we saw a big 67% drop in Cappex inquiries. We decided to address this directly with Aaron Deets, our Cappex Representative.
- After 2 meetings with him, I requested the list of inquiries for the past contract year. The list corroborated over 1,300 inquiries, slightly lower than the number of inquiries they provided the previous year.

- I did a quick check and noticed many of the inquiry contact information was not in our database.
- I addressed this with John Derouche who ultimately diagnosed and remedied the upload problem.
- Moving forward, I will be included in the weekly email inquiry lists, Cappex and Hobson, to verify upload success.
- I have reconciled the FY19 Capped inquiry list with our records and the results are shown here.
- High School Juniors and Sophomores have higher application yields than Seniors do.
- We are seeing a growth in applications from students in MA and CT when looking at the data by anticipated start year.
- Duplicates in our system may cause our numbers to vary from others used.
- Year over year, does revenue justifies the contract cost? **Yes**
- Has Cappex decreased from FY18 to FY19 as a 1st referral source. **No**
- After showing growth from FY16 to FY18, “All Referrals” showed no change from FY18 to FY19. **The vast majority of Contract Yr 19 inquiries were Juniors and Sophomores. I would anticipate if we continue to see growth it will be among HS students who have anticipated start years of Fall 2020 and later.**
- Does one class convert at a higher rate than another? **Juniors and Sophomores convert from inquiries to applicants at higher rates than eniors.**
